2.10 Amount owing by Related Party pursuant to RRPTs

As at LDP, there is no amount due or owing to TSR Group pursuant to the RRPTs which have exceeded the credit terms.

2.11 Rationale and Benefit to the Group for Transacting with the Mandated Related Parties

The Proposed RRPT Mandate will benefit the Company by facilitating entry by TSR Group into transactions with the classes of Related Parties in the ordinary course of TSR Group's business on commercial terms, in a timely manner and will enable TSR Group to continue to carry out RRPT(s) necessary for TSR Group's day-to-day operations and enhance TSR Group's ability to pursue business opportunities which are time-sensitive in nature in a more expeditious manner.

The shareholders' mandate for RRPT(s), which is to be renewed annually, will eliminate the requirement by the Company to make regular announcements and convene separate general meetings from time to time for the entry of the aforesaid RRPT(s). This will serve to substantially reduce expenses associated with the convening of such meetings on an ad-hoc basis, improve administrative efficiency and allow human resources and time to be channelled towards attaining other corporate objectives and opportunities.

The obtaining of the Proposed RRPT Mandate and the renewal of the Proposed RRPT Mandate on an annual basis would eliminate the need to convene separate general meetings from time to time to seek shareholders' approval as and when the potential RRPT with a Mandated Related Party arise thereby reducing substantially administrative time and expenses in convening such meetings without compromising the corporate objectives and/or adversely affecting the business opportunities available to the Company and its subsidiaries.

The Proposed RRPT Mandate is intended to facilitate transactions in the normal course of business of the Company and its subsidiaries which are transacted from time to time with the Mandated Related Parties, provided that they are carried out at arm's length and on the Company and its subsidiaries' normal commercial terms and/or negotiated terms and are not prejudicial to shareholders and on terms not more favourable to the related parties than those generally available to the public and are not to the detriment of the minority shareholders.

2.12 Review Procedures for the RRPTs

As a matter of practice, TSR ensures the RRPTs are undertaken on an arm's length basis and normal commercial terms and on terms not more favourable to the Related Parties involved than those generally available to the public and not detrimental to the minority shareholders of the Company.

The Group shall review the RRPTs based on the following parameters/procedures:-

- i) The review of RRPTs falls within the scope of the Audit Committee;
- ii) Records will be maintained to record all RRPTs which are/will be entered into, which will be available for review by, among others, the auditors and Audit Committee, on a quarterly basis. Any member of the Audit Committee may as he/she deems fit, request for additional information pertaining to RRPTs from independent sources or advisers;
- iii) The pricing, terms and conditions of the RRPTs shall be consistent with the Group's usual business practice and determined with due consideration to, amongst others, the demand and supply of the products, quality, level of service, credit terms and reliability of supply, where relevant, practical and feasible. At least two other contemporaneous transactions with unrelated third parties for similar products and/or services and/or quantities will be used as comparison, wherever available or possible, to determine whether the price and terms offered to and/or by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products and/or services and/or quantities.

In the event that quotations or comparative pricing from unrelated third parties cannot be obtained for the proposed RRPTs, the management will rely on their usual business practices and their market knowledge of prevailing industry norms bearing in mind the urgency and efficiency of services to be provided or required to ensure that the RRPTs are not detrimental to the Company and/or the Group;

- iv) The Audit Committee shall continue to review the above established procedures, as and when required, on an annual basis with the authority to sub-delegate to individuals or committees within the Company as they deem appropriate;
- v) Where any Director or Persons Connected to him/ her or the Board member or Audit Committee member has an interest (direct or indirect) in any RRPTs, he/ she will abstain from voting on any matter relating to any decision making by the Board or the Audit Committee in respect of such transactions;
- vi) The said interested Director shall undertake that he/ she will ensure that persons connected with him/her abstain from voting on the resolution deliberating or approving the RRPTs at a general meeting;
- vii) The RRPT which is below RM1.0 million in value for each transaction is subject to the approval of any one of the Executive Directors and/ or senior management of the Company;
- viii) The RRPT which is RM1.0 million and above or 1% of any percentage ratios shall be reviewed and approved by the Audit Committee and the Board before the transaction is entered into; and
- ix) The Audit Committee shall review all the RRPTs entered into by the Group generally on a yearly basis but subject to the requirement as and when necessary.

2.13 Disclosure in Annual Report

Disclosure will be made in the Company's Annual Report on the breakdown of the aggregate value of the RRPTs entered during the financial year, amongst others, based on the following information:-

- i) The types of RRPTs made; and
- ii) The names of the Related Parties involved in each type of the RRPT and their relationship with the Group.

2.14 Statement by Audit Committee

The Audit Committee comprises three (3) members as follow:

Ms Lee Siew Chen
(Chairman of Audit Committee/ Senior Independent Non-Executive Director)

Encik Muhammad Dhiauddin Bin Md Saad
(Member/ Independent Non-Executive Chairman)

Mr Lim Kuan Hwang
(Member/ Independent Non-Executive Director)

The Audit Committee has seen and reviewed the guidelines and procedures set out in Section 2.12 above and is of the view that they are sufficient to ensure that the RRPTs will be carried out at arm's length and on normal commercial terms which are not more favourable to the Related Parties involved than those generally available to the public and not detrimental to the interest of the Company and its minority shareholders.

The Audit Committee is of the view that the Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner. The purpose of this Statement is to provide you with the relevant information of the Proposed Share Buy-Back Authority and to seek your approval on the ordinary resolution pertaining to the Proposed Share Buy-Back Authority to be tabled at the forthcoming AGM. The notice of the AGM together with the Form of Proxy is enclosed in the 2023 Annual Report of the Company for the financial year ended 30 June 2023.

Further details of the Proposals are set out in ensuing sections.

THE PURPOSE OF THIS STATEMENT IS TO PROVIDE YOU WITH THE RELEVANT INFORMATION ON THE PROPOSAL AND TO SEEK YOUR APPROVAL ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSAL TO BE TABLED AT THE FORTHCOMING AGM OR ANY ADJOURNMENT THEREOF.

YOU ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS STATEMENT TOGETHER WITH THE APPENDICES CONTAINED HEREIN BEFORE VOTING ON THE ORDINARY RESOLUTION BY WAY OF POLL TO GIVE EFFECT TO THE PROPOSAL TO BE TABLED AT THE FORTHCOMING AGM OR ANY ADJOURNMENT THEREOF.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK AUTHORITY

2.1 Proposed Share Buy-Back Authority

The Board is proposing to seek the shareholders' approval to authorize the Company to purchase its own Shares for an aggregate amount of up to ten percent (10%) of the total number of issued shares at any point in time.

Based on the Company's issued and paid-up share capital of RM113,299,000 comprising 174,450,000 TSR Shares. As at the LPD, the maximum number of TSR Shares which may be purchased by the Company pursuant to the proposed share buy-back authority shall not exceed 17,445,000 TSR Shares in aggregate. However, the actual number of TSR Shares to be purchased and the timing of any purchase will depend on the market conditions and sentiments of Bursa Securities, the availability of financial resources and retained profits of our Company. In addition, the Board will ensure that the purchase of TSR Shares will not result in the Company's public shareholding spread falling below the minimum public shareholding spread of twenty-five percent (25%) of the issued and paid-up share capital.

The Proposed Share Buy-Back Authority, once approved by the shareholders, shall take effect from the passing of the ordinary resolution pertaining thereto at the forthcoming AGM and shall continue to be in force until:

- a) the conclusion of the next AGM of the Company following the general meeting at which such resolution is passed, at which time the authority will lapse unless renewed by ordinary resolution, either unconditionally or subject to conditions; or
- b) the expiration of the period within which the next AGM of the Company is required by law to be held; or
- c) the authority is revoked or varied by ordinary resolution passed by the shareholders of the Company in general meeting,

whichever occurs first.

The Proposed Share Buy-Back Authority does not impose an obligation on the Company to purchase its own Shares. Rather, it will allow the Board to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period.

2.2 Maximum Amount of Funds to be Allocated and the Source of Funds

The Listing Requirements stipulate that the proposed purchase by a listed company of its own shares must be made wholly out of retained profits of the listed company. Therefore, the maximum amount of funds to be allocated for the Proposed Share Buy-Back Authority shall not exceed the amount stated in the retained profits of the Company. Based on the latest audited financial statements for the financial year ended 30 June 2023 of the Company, the retained profits of TSR was RM3,356,000.

The Proposed Share Buy-Back Authority will be funded by internally generated funds and/or external borrowings. The amount of internally generated funds and/or external borrowings to be utilised will only be determined later depending on, amongst others, the availability of internally generated funds, actual number of TSR Shares to be purchased and other relevant factors. The actual number of TSR Shares to be purchased and/or held, and the timing of such purchases will depend on, amongst others, the market conditions and sentiments of the stock markets as well as the retained profits and financial resources available to the Company. In the event that the Proposed Share Buy-Back Authority is to be partly financed by external borrowings, the Board will ensure that the Company has sufficient funds to repay the external borrowings and that the repayment will not have a material effect on the cash flow of the Group.

2.3 Treatment of the Purchased TSR Shares

Pursuant to Section 127(4) of the Act, where the Company has purchased the Shares, the Board may, at their discretion, resolve: -

- i) to cancel the shares so purchased;
- ii) to retain the shares so purchased in treasury, which is referred to as “treasury shares” in the Act; or
- iii) to retain part of the shares so purchased as treasury shares and cancel the remainder of the shares.

Upon each Proposed Share Buy-Back Authority, an immediate announcement will be made to Bursa Securities in respect of the intention of the Board to either retain the Shares purchased or cancel them or a combination of both. An immediate announcement will also be made to Bursa Securities of any resale, transfer or cancellation of Shares so purchased.

2.4 Purchase/Resale Price

Pursuant to the Listing Requirements, the Company may only purchase TSR Shares at a price which is not more than fifteen percent (15%) above the weighted average share price for the five (5) Market Days immediately preceding the date of the purchase(s). The Company may only resell the Purchased TSR Shares held as treasury shares at a price which is:

- a) not less than the weighted average share price of TSR Shares for the five (5) Market Days immediately prior to the resale; or
- b) at a discount of not more than 5% to the weighted average share price of TSR Shares for the five (5) Market Days immediately prior to the resale provided that:
 - i) the resale takes place no earlier than thirty (30) days from the date of the purchase; and
 - ii) the resale price is not less than the cost of purchase of the shares being resold.

The Proposed Share Buy-Back Authority and/or resale of the Purchased TSR Shares shall only be effected on the market of Bursa Securities via its automated trading system and shall exclude any direct business transactions as defined in accordance with the rules of Bursa Securities. The Company shall ensure that all dealing(s) in its own Shares/Purchased TSR Shares are made through stock broker(s) appointed by the Company.

2.5 Potential Advantages and Disadvantages of the Proposed Share Buy-Back Authority

The potential advantages of the Proposed Share Buy-Back Authority are as follows:

- a) The Proposed Share Buy-Back Authority would enable the Company to utilise its financial resources more efficiently especially where there is no immediate use and it may strengthen the consolidated EPS of the Group.
- b) The Proposed Share Buy-Back Authority will also provide the Company with opportunities for potential gains if the Purchased TSR Shares which are retained as treasury shares are resold at prices higher than their cost of purchase.
- c) In any event, the treasury shares may also be distributed as share dividends to the shareholders as a reward.

- d) The Proposed Share Buy-Back Authority may also stabilise the supply and demand of TSR Shares traded on Bursa Securities and reduce the volatility of the share prices. The stability of TSR Shares price is important to maintain investors' confidence and may also assist in facilitating future fund raising via the equity market.

The potential disadvantages of the Proposed Share Buy-Back Authority are as follows:

- a) The Proposed Share Buy-Back Authority if implemented is expected to temporarily reduce the immediate financial resources of TSR Group.
- b) The Proposed Share Buy-Back Authority may also result in the Group foregoing better investment opportunities which may emerge in the future and/or any income that may be derived from other alternative uses of such funds such as deposit in interest bearing instruments.
- c) The Proposed Share Buy-Back Authority may also reduce the amount of resources available for distribution to the shareholders of the Company in the form of dividends as funds are utilised to purchase its own Shares

Nevertheless, the Proposed Share Buy-Back Authority is not expected to have any potential material disadvantages to the Company and its shareholders, as it will be implemented only after careful consideration of the financial resources of the Group and its resultant impact. The Board is mindful of the interest of the Company and the shareholders and will be prudent with respect to the above exercise.

2.6 Public Shareholding Spread

Pursuant to the Listing Requirements, the Proposed Share Buy-Back Authority will be carried out in accordance with the prevailing laws at the time of the purchase including compliance of twenty-five (25%) public spread. Based on the Company's Record of Depositors as at LPD, the public spread of the Company was 49.33%. The Board will endeavor to ensure that the Company complies with the public spread requirements and shall not buy back the Company's own shares if the purchase would result in the public spread requirements not being met.

2.7 Implication Relating to the Code

Pursuant to Rule 4 of the Code, a person and any parties acting in concert with him will be required to make a mandatory offer for the remaining TSR Shares not already owned by him/her/them if his/her/their stake in the Company is increased to beyond 33% or if his/her/their shareholdings is between 33% and 50% and increases by another 2% in any six (6) months period.

However, an exemption from mandatory offer obligation may be granted by the SC under the Code subject to the parties acting in concern complying with the conditions stipulated in the Code.

The Company intends to implement the Proposed Share Buy-Back Authority in the manner that will not result in any of the shareholders having to undertake a mandatory offer pursuant to the Code. In this respect, the Board will be mindful of the requirements of the Code when implementing the Proposed Share Buy-Back Authority.

2.8 Purchase, Resale and Cancellation of Shares Made in Previous Twelve (12) Months

There were no purchase, resale, transfer or cancellation of shares made by TSR in the previous twelve (12) months preceding the date of this Statement.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK AUTHORITY

The implementation of the Proposed Share Buy-Back Authority is envisaged to benefit the Company and its shareholders as follows:

- i) the Company is able to utilise its surplus financial resources more efficiently. If implemented, this may help to stabilise the supply and demand of the TSR Shares traded on Bursa Securities and thereby support its fundamental value;
- ii) the EPS of TSR Shares and the return on equity of the Company is expected to improve as a result of a reduced share capital base;
- iii) the Purchased TSR Shares retained as treasury shares provide the Board with an option to resell the treasury shares at a higher price and generate capital gains for the Company;
- iv) the Purchased TSR Shares retained as treasury shares can be distributed as share dividends to the shareholders as a reward; and
- v) the financial resources of the Company will increase if the Purchased TSR Shares held as treasury shares are resold at prices higher than the purchase price.

4. MATERIAL FINANCIAL EFFECTS OF THE PROPOSED TSR MANDATE

4.1 Share Capital

It is the intention of the Company to retain the Purchased Shares as Treasury Shares. Hence, it will not have any effect on the total issued and paid-up share capital of TSR. However, the rights attached to the Purchased Shares will be suspended as long as they are retained as Treasury Shares.

4.2. NA

The effect of the Share Buy-Back on the consolidated NA of the Group will depend on the purchase price and the number of Shares purchased and the treatment of the Purchased Shares. In the event that the resale price is higher than the purchase price, there will be an increase in the consolidated NA, and vice versa.

If the Treasury Shares are distributed as share dividends, the consolidated NA would decrease by any associated costs incurred in the distribution of the Treasury Shares.

4.3. Working Capital

The Share Buy-Back is likely to reduce the working capital of the Group, the quantum of which will depend on the actual number of TSR Shares purchased and the price paid and any associated costs incurred for the purchase of the Shares. In the event that the Treasury Shares are subsequently resold on Bursa Securities, the working capital of the Group will increase upon the receipt of the proceeds of the resale.

4.4. EPS

The effect of the Share Buy-Back on the EPS of the Group will depend on the actual purchase price of TSR Shares, the number of Shares purchased and any effective funding cost of the purchase, if applicable, or any loss of interest income to the Company resulting from funds used for the Share Buy-Back.

Generally, all else being equal, the Share Buy-Back will have a positive impact on the EPS of the Group as the Purchased Shares, whether cancelled or retained as treasury shares, will effectively reduce the total share capital used for the computation of EPS.

In the event that the Treasury Shares are subsequently resold on Bursa Securities, the EPS will increase if the purchase price and associated costs incurred are less than the actual selling price of the Treasury Shares, and vice versa.

4.5. Dividends

The Share Buy-Back may have an impact on the Company's dividend pay-out as it may reduce the cash available, which could otherwise be used for the dividend payment. Nonetheless, if the Purchased Shares are retained as treasury shares, the dividend rate will also be increased with the suspension of the rights attaching to the Treasury Shares as to dividend entitlement. Moreover, the Treasury Shares so purchased may be distributed as share dividends to shareholders of the Company if the Board so decides.

4.6. Shareholdings of Directors, Major Shareholders and persons connected to them

The effect of the Share Buy-Back on the shareholdings of the Directors and Major Shareholders as at Latest Practicable Date, are set out as follows:
